Subject: Comments to Draft Programmatic EIS/EIR

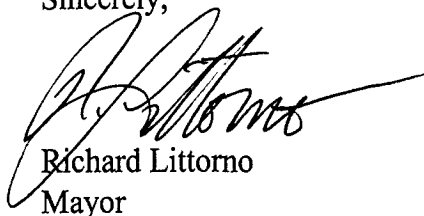

Dear Mr. Breitenbach:

The City Council has reviewed the Programmatic EIS/EIR CALFED Bay-Delta Program, Phase II Interim Report, and has the following comments.

First and foremost Alternative 3 is not at all acceptable to the City. We view this Alternative as another Peripheral Canal proposal. Should this option become the preferred option, you can expect active opposition, from this Council and many Clayton residents. With regard to Alternatives 1 and 2, we view their differences, after our initial review, as rather technical in nature and have no opinion, at this time, as to any preference between the two.

Thank you for the opportunity to respond.

Sincerely,

Richard Littorno
Mayor
